

Comenius'song: november 2012 in Belgium

1. *When you are with Comenius*

You can find the words to say

Imagine a desert island

Where we are all the same

2. *In a golden family*

You can have a good party

You can meet a lot of friends

And you spend good time with them

3. *Here in Belgium all is great*

And the food is very good

And the friendship can be born

Doesn't matter where you're from

4. *I'm afraid we'll have to split*

But later we'll meet again

Have great fun in abroad lands

And come home full of glory

Chorus: In Belgium, Poland and Spain

Portugal, Greece and Turkey

and in Germany we meet

people and speak English
